

A Partnership of the U.S. Department of Energy
and the Alliance to Save Energy

Radio PSAs Script #3 ENERGY STAR

Energy drives our nation's economy and is an important part our daily lives. By taking steps to become more energy efficient we can all save money and help reduce our nation's overall energy demand.

I'm Energy Secretary Sam Bodman encouraging you to use Energy Star products and appliances such as dishwashers, washing machines, and thermostats – they can reduce your energy bills by up to 30 percent.

Replacing your exiting light bulbs with EnergyStar qualified fluorescent lights in the lamps and fixtures throughout your home will save up to 50 per cent on lighting costs. Ask your local hardware store for information on energy efficient lighting.

By installing Energy Star storms windows and double-pane windows with energy saving coatings, you can reduce energy loss in your home by 25 to 50 percent

You have the power to make a difference. By using Energy Star products, you can reduce your home energy bills and help our nation reduce its energy use.
